

Installation Technician

Une journée
dans la vie
d'un(e)...

ECOTEL is a Canadian cellular operator whose mission is to operate and manage independent telecommunications networks. ECOTEL's network has 5.8 million square kilometers of spectrum, covering 58 % of Canadian territory, from coast to coast. More than 130 open-pit mines and industrial sites near Kitimat, Timmins, Sudbury, Thunder Bay, Val-d'Or, Rouyn-Noranda, Chibougamau, Fermont and Labrador City can take advantage of the services offered by Solutions Ambra and ECOTEL. At ECOTEL, you will have...

GOLDEN CO-WORKERS

Our team is made up of passionate people who succeed in meeting all challenges in a harmonious work environment. Excellent communication between colleagues promotes teamwork and allows us to achieve maximum results in a stimulating environment

BENEFITS THAT MAKE THE DIFFERENCE

A group insurance program (dental and medical), a pension plan (up to 5 % employer contribution), a physical activity bonus and an employee assistance program.

FLEXIBILITY

Flexible work hours, the possibility of telecommuting, a lot of autonomy for the employee as well as outstanding growth and development opportunities (training in all areas).

As an Installation Technician, you will work with a seasoned team on a variety of large-scale projects. Here is what a typical day might look like ...

- You install and check cellular network equipment, LTE/5G, electrical wiring and fiber optics on different telecommunications sites
- You participate in the repair, servicing, maintenance and commissioning of telecommunications equipment, including electrical connections, battery systems and generators
- You perform any other work related to the operations of the company
- You provide technical assistance for network operations as well as for the construction
- You contribute to the creation of a procedure for the installation and maintenance of equipment
- You prepare equipment and update inventories
- You write installation and inspection reports
- You carry out construction site supervision on an ad hoc basis.

SEND YOUR RESUME TO JOBS@ECO-TEL.CO

Only selected candidates will be contacted.
